

# Sensory Circuits

Interactive learning day - looking at Sensory Circuits in detail. From the basics of what a Sensory Circuit is, right the way to how to set up circuits, paperwork and so much more!

Sensory Circuits can be used at school, home, or as part of your professional toolkit.

It will be fun, playful and interactive. Activities will be multi-sensory; involving touch, movement, rhythm and play.

Although the training is aimed at school staff members, it is suitable for foster carers, adopters, parents, special guardians, social workers, therapists and support workers that want to increase their understanding.

Facilitated by an experienced Child Therapist/Clinical Social Worker.

Mini 'toolkit' provided to all participants.

COME PREPARED TO CREATE AND HAVE A GO AT SENSORY CIRCUITS
