

# School Training & Consultation Opportunities

Children's Therapy Services offer a range of training appropriate for schools but can also offer bespoke packages to schools that we can adapt to suit your setting, staff team and budget.

Popular packages include:

- Trauma & Attachment in the Classroom
- Power of Play
- Sensory Profiles and Strategies
- Playful activities to aid regulation, boost bodies and build connections
- Interoception Curriculum
- Lego Based Therapy Training
- Sensory Circuits

The training can be delivered face to face in your school and training is delivered by an experienced and practising therapist.

## School Consultation

Staff consultation/coaching is also available. Consultation is provided by an experienced Therapist. Consultation sessions are flexible and adapted to meet the needs of the individual/group. Consultations may cover:

- Self-care
- Practical strategies
- Individual children
- Reflective practice
- Working with caregivers
- Managing complex behaviours in the classroom
- 1:1 time to explore an approach i.e., Attachment, Trauma, regulation
- Conflict
